

Are you interested in *paper* and *printing*?

Make sure you are available on October 4 and 5
to attend the symposium:

Paper in Printing Processes

which takes place in Grenoble, France

Special topics are:

- *Conventional Printing*
- *Digital printing*
- *New/unique characterization techniques for paper surfaces*

Invited lecturers are:

- *Jouni Marttila, M-real*
- *Thomas Herbst, Stora Enso*
- *Wolfgang Schmidt, Felix Schoeller*
- *Andreas Faul, INGEDE*

The symposium will be hosted by CTP and take place in Grenoble, France. It is the final symposium of the COST Action: *Characterization of paper surfaces for improved printing paper grades*.

Are you interested to attend, contact Marjatta Kleen, KCL, marjatta.kleen@kcl.fi, and you will receive more information when the program is completed. Visit www.pfi.no/gary/COSTE32.htm for more information of this COST ACTION.

Symposium fee will be most moderate as in all COST Symposiums.
